

Sikka Report Marketplace™

Buy and Sell Your Favorite Reports
You can download Sikka Practice
Monitor for FREE and do this

Inspiration of the Report Marketplace™ is YOU!

We have found over the last several years that our dentist customers and office team members have contributed great reports. Now you can submit any report idea that is your favorite, and we will build it for you. Better yet you can tell your friends about it and if they use your designed report in their practice, you get paid!

Do I Need To Buy Sikka Product?

1. No. You can simply download Sikka Practice Monitor® for FREE
Go to dental.sikkasoft.com and download the Free Practice Monitor™.
Installation and setup takes just a few minutes
2. Look in your home tab for the Report Marketplace™ icon.
3. Review the opt in terms and accept.
4. You are ready to start using Report Marketplace™,
It is really easy!!

How Does It Work?

This is similar to Apple or Android marketplaces. So you are a publisher! If you like a friend's report, you can download it for your own practice and use it! All this is easy to use. You buy a report with a credit card and when your friends buy a report you built, we deposit the money to your bank account (minus a little commission).

Get Started Today.
